

Webinar 24th & 25th January 2018

Research and Training Projects with European Organisations

- *Are you interested in joining a network of organisations to develop a state of the art research and training programme for early-staged researchers?*
- *Is your organisation interested in the exchange of research and innovation staff with EU organisations in your research field?*

There are a number of opportunities to collaborate with European organisations carrying out innovative research. The European Commission's Marie Skłodowska-Curie Actions (MSCA) has funding available through the annual Innovative Training Networks (ITN) and Research and Innovative Staff Exchange (RISE). During the webinar, you will get an overview of MSCA - Innovative Training Networks (ITN) and MSCA-Research and Innovative Staff Exchange (RISE). Watch this webinar to identify how you can enhance your organisation's innovation capacity through interdisciplinary and intersectoral collaboration with European Organisations!
