

## Webinars about Marie Skłodowska-Curie Actions

In the framework of the Net4Mobility project, the Liaison Office of Argentina - European Union invites you to participate in two webinars that will take place on Monday, **December 18**.

**1) 09:30 - 11:00 (Argentinean time): "Interrelationships between MSCA, thematic networks, INCO projects and platforms"**

This activity is organized in the framework of the Net4Mobility project and the idea is to informally discuss about how MSCA actions could be beneficial and good instruments to complement activities from thematic NCP networks, Enterprise Europe Network (EEN) nodes from Third Countries, and INCO/third countries representatives.

**2) 11:30 - 12:30 (Argentinean time): "MSCA and Liaison Offices as multipliers of mobility actions in the CELAC region"**

This activity is organized in the framework of the Net4Mobility project and the idea is analyzing different strategies to achieve a more comprehensive promotion of MSCA actions in the CELAC region with the participation of liaison offices and cooperation units located in the countries of Latin America and the Caribbean.

The outcomes from these discussions will be taken as inputs for future mobility.

We are very interested in the participation of the MSCA NCP of Marie Skłodowska-Curie and the coordinators of INCO projects and other thematic NCP networks in order to know if there are chances to work together and how to improve those joint activities.

**On Friday 15/12 from 3:00 p.m. to 4:00 p.m. GMT we could have technical testing space for the videoconference equipment.**
